EuroCork...

THE PERFECT CHOICE FOR FLOORING

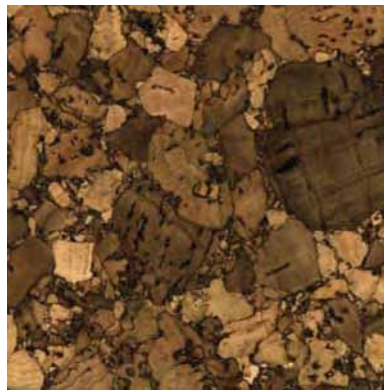

The remarkable properties of cork create a warm, quiet and relaxing ambience. Cork has been used as a flooring material for more than one hundred years. It provides acoustical and thermal insulation, it cushions the feet, and it is resistant to moisture damage and decay.

Cork flooring is easy to clean, with proper maintenance and floor protection your floor will last for years to come. EuroCork's patented "UNICLIC" locking system ensures a quick, easy, and accurate installation. The product also has a special factory "WEARTOP" finish which enhances the floors long life span, comfort, durability, and beauty.

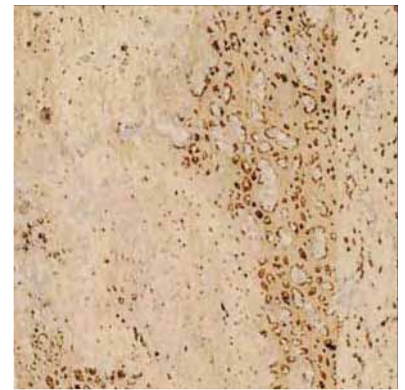

Cork can be used anywhere in the home including over in-floor heating systems. Your EuroCork floor will be durable, versatile, soft, quiet and warm.

Seattle Latte

Winter Brick

Wine Corks

Java Bean

Nanaimo Natural Burl

Our Manufacturer is proud of The GREENGUARD Children & Schools certification. EuroCork is Children and Schools Indoor Air Quality Certified.

EuroCork is truly a renewable, environmentally friendly resource.

The cork harvesting is made in a sustainable manner and does not harm the tree which is never cut down or removed. With the increasing concern for the environment, Cork Oak remains the only tree whose bark can regenerate itself after harvest leaving the tree unharmed.
